### **DETAILED ACTION**

1. The amendment filed 12/30/04 has been considered, the 101 rejections are withdrawn.
2. A careful reading of the claims necessitated the rejection below.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 11 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Specifically, the claim line 8 ends with the phrase "communicate the list of hotels to the operator for communication to the" without any punctuation or an object of the communication and is, therefore, indefinite.

#### ***Allowable Subject Matter***

4. Claims 1-10, 12-40 are allowed.
5. The following is an examiner's statement of reasons for allowance:

As per Claims 1, 12.

The prior art of record, specifically, Tagawa ('5,732,398) in view of Priceline, Isaacson et al (WO 00/19351) Bianco (5,047,614), Allard et al (6,249,773) or Tracy et al (6,550,672) does not disclose or fairly teach:

a reservation engine operable to:  
communicate a list of hotels meeting the parameters, the list including at least one generic hotel listing;  
receive a reservation request for the generic hotel listing and completing a reservation according to the reservation request, and  
create a reservation according to the reservation request.

Art Unit: 3639

As per Claim 23, 32.

The prior art of record, specifically, Tagawa ('5,732,398) in view of Priceline, Isaacson et al (WO 00/19351) Bianco (5,047,614), Allard et al (6,249,773) or Tracy et al (6,550,672) does not disclose or fairly teach:

a transaction engine operable to:

communicate a list of the items meeting the parameters, the list including at least one generic item listing;

receive a request for an item associated with the generic item listing and completing a transaction associated with the item as claimed.

The claims that depend from the above are allowable for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
